

HANK SHIZZOE & LOOSE GRAVEL WITH SONNY LANDRETH: «IN CONCERT»

CrossCut Records CCD 22005 - Release: April 2003

Spring 2003: Hank Shizzoe & Loose Gravel are touring Europe in support of their latest release «In Concert». This live 2CD-set contains 24 songs and offers an overview of the four previously released albums «Low Budget», «Walk», «Plenty Of Time» and «Hank Shizzoe». There are also a brandnew Shizzoe-composition and carefully selected covers.

Sonny Landreth - guitare extraordinaire from Louisiana - is the very special guest on twelve cuts. His unique, soulful and tasty style, along with his impressive virtuosity on the slide guitar blend in perfectly with Hank Shizzoe & Loose Gravel's sound.

Hank and the band have never just reproduced recorded versions on stage. In over 500 shows in Europe and America they have created their very own and distinctive style, giving the songs room to develop and take on new lives - not just by changing tempos and arrangements, but also by exploring different aspects of the compositions.

«In Concert»: two CDs, over two hours of music, a complete show, one outtake as Enhanced Video, an outstanding trio with a fabulous guest, rock music with deep roots - fresh, live(ly), spectacularly unspectacular, without a net.
